

To the Valued Clients of Clover Hills Dental

We have some exciting news and office updates to share with you. This summer presented us with an unexpected transition: we said goodbye to the owners of Clover Hills Dental, Dr. Aman Bhullar and Dr. Misty Henne, as they embarked on a new adventure to California with their family. We want to thank those of you we saw over the summer for your patience as we navigated through this transition.

We are excited to introduce Dr. Sophie Lertruchikun as the new owner of Clover Hills Dental.

Dr. Sophie comes from a family of dentists. She has ten years of experience practising dentistry after graduating top of her class from the University of Pennsylvania. Her husband is Dr. Aly Kanani, a well-known and highly regarded orthodontist in the area. Dr. Sophie and Dr. Kanani have a long-standing relationship with Dr. Bhullar. They were his first choice when selecting a new owner for the practice because of their dedication to the profession and their active community involvement. Dr. Sophie has a passion for improving smiles with Invisalign®, and she brings her clinical expertise with her to benefit Clover Hills Dental clients.

Our staff is working hard to ensure that your new dentist is a good fit for you and your dental needs.

Going forward, clients of Dr. Bhullar and Dr. Henne will be seen by one of our other dentists: Dr. Choi, Dr. Jung, Dr. Yeung or Dr. Park. Dr. Sophie will continue to treat our existing Invisalign clients. We would also like to assure you that you can continue to expect the same exceptional service, and that our long-time hygiene team, Sandeep, Amy, Rupi, Melissa and Sahib, are still here for your dental hygiene needs.

We are happy to share that Tasha has returned from maternity leave with baby Dava. As we welcome Tasha back, we also say goodbye to Brandy as she prepares to spend the year with her baby, due in October. Bianca and Patsy will be taking over as our new Invisalign Coordinators in her absence.

Do you have any questions about our transition?

Visit cloverhillsdental.com to learn more.

Have you ever considered improving your smile?

With our iTero scanner, our team can take a digital scan of your teeth and provide a simulation of your potential Invisalign treatment results.

We are also currently offering extended 0% financing plans, and free take-home teeth whitening kits at the end of Invisalign treatment. Patients who require more complicated teeth alignment with braces or advanced Invisalign techniques will be referred to Dr. Kanani, who is also honouring the same promotion.

Call our office at (604) 576-8466 to book your complimentary educational Invisalign consultation.

Sincerely,

DR. SOPHIE AND THE CLOVER HILLS DENTAL TEAM

GIVING BACK

In May, we celebrated our 10th anniversary by opening the office on a Sunday. As a way of saying thank you, our team volunteered to provide over \$13,000 worth of free dental care to those in need.

This summer, Clover Hills Dental became the proud recipient of the 2017 Consumer Choice Award. Thank for your trust in our team.

We will be hosting a Client Appreciation event in the Fall. Please follow our Facebook page for upcoming details.

To Our Valued Patients

It is with mixed emotions that we announce that we have sold Clover Hills Dental and are fulfilling a dream we have had for a few years.

It has been our desire to move to California for some time now, and we realize this is the right time for our family, before our children get any older. It has been a great pleasure serving you and providing your dental care over the years.

It is definitely not easy for us to leave you. We have greatly valued our relationships with you. Thank you for your loyalty and confidence in us over the years. We will miss seeing all of you, but we know we are leaving you in good hands. We could not have found a better dental team to leave you with.

Warmest regards,

DR AMAN BHULLAR AND DR MISTY HENNE
